

Holden Captiva 5

Series II (03-2011 on)

WORLD'S BEST ALLOY BULLBARS

Whether you're battling the bitumen or the bush ECB has a range of quality protection products for your Holden Captiva 5 that are sure to suit your needs.

When it comes to protecting your Holden Captiva 5, it's worth remembering that quality really counts. Genuine ECB products are manufactured from hi-tensile, structural grades of alloy, ensuring the best performance, strength and protection.

From the sporty 76mm Nudge Bar through to the unmatched strength and reliability of an Big Tube™ Bar, ECB has a range of frontal protection bars that are styled to perfectly complement the Holden Captiva 5's lines, and they're tough enough to withstand almost anything the urban jungle or nature can dish out.

Not only do ECB protection bars meet Australian Design Rules - each one is also covered by ECB's exclusive Lifetime Warranty for complete peace of mind.

East Coast Bullbars are the Strongest Built, Best Engineered and Australian Made, all components that are required to be the World's Best Alloy Bullbars.

- Bumper Over Design
- 6mm One Piece Channel
- 76mm Centre Tube
- 63mm Wing Tubes
- Fully Welded Gussets
- LED Indicator/Park Lights
- Aerial Mounting Tab

Big Tube™ Bar - ADR Compliant - With ECB Bumper Lights Mirror Polished Alloy Finish Shown

For the ultimate in frontal protection, you will find it hard to go past the strength, quality and style of the Big Tube™ Bar with ECB Bumper Lights for the latest Holden Captiva 5. Manufactured from hi-tensile, structural grade alloy this bar is attached to the chassis of the Captiva 5 using a steel mounting system. The hi-tensile, tapered, one-piece bumper cut design incorporates indicator/park light combinations, air directional cooling vents and ECB bumper lights to replace your factory fog lights. Driving light mounting points and an aerial bracket are both standard inclusions on this bar.

Parking Sensor Integration

East Coast Bullbars Big Tube™ Bar, to suit the latest Holden Captiva 5 Series II has been developed to fully integrate the factory front parking sensors. This inclusion allows you to continue to use this wonderful tool to assist with parking, with the added protection of a bullbar for your vehicle. For non-parking sensor vehicles, capping pieces are provided to maintain the aesthetics of the Holden Captiva 5 Series II Big Tube™ Bar.

63mm Series 2 Nudge Bar

(Non Forward Parking Sensor Models **ONLY**)
Mirror Polished Alloy Finish Shown

- Provides Bumper Protection
- Provides Grille Protection
- Spotlight Mounting Tabs
- 63mm Hi-Tensile Alloy Tubing
- 4.2mm Thick Extruded Tube

Great sports styling, bumper and grille protection are just a few of the features of this modern and functional 63mm Series 2 Nudge Bar. Formed from hi-tensile alloy tubing with a lower centre tube for maximum radiator protection, this nudge bar has equal or better strength than poor quality, thinner sectioned, imported stainless steel products and is up to 50% lighter in weight. Spotlight mounting provisions together with a choice of finishes are all standard inclusions.
