DISTRIBUTOR DETAILS

This one accessory from Clearview will make your life out in the scrub a whole lot easier!

Have you ever been out on the tracks and your fridge has repositioned itself, making it difficult to access? Fridge slides are the perfect companion for your 12V fridge, and make life so much easier out bush.

The new Expanda fridge slide

from Clearview Accessories is the perfect fridge slide, as it's able to not just expand length ways, but it can be widened, allowing it to accommodate nearly every 12V fridge on the market. Check out why the Expanda from Clearview Accessories is the perfect companion for your 12V fridge.

TOUGH ALL-ROUNDER

The Expanda is the fridge slide you've been waiting for. Specifically designed for adjustability to fit any fridge you chose to buy, it's the perfect choice if you've got a fridge that you can't find a suitable slide for. And if it's a large fridge you own, don't worry – the heavy duty slides are rated for a massive 180kg! The patented Aussie design of the Expanda is designed and built to withstand the rugged use we 4WDers put our gear through in the bush, and best of all, it's backed by a massive three year warranty!

It's also easy to DIY install at home, and includes everything you need to fit your fridge into your 4WD, including all the mounting hardware and tie-down straps.
